- The certificate must be filled in by the requesting parent.
- The request has the same value as a medical certificate within the meaning of Articles L.234-53 and L.234-54 of the Labour Code as far as the employer and the National Health Fund (CNS) are concerned.
- The requesting parent is required to inform the employer(s) either orally or in writing on the first day of his/her absence.
- The certificate must be sent to the employer(s) and to the CNS.
- The duration of this measure is determined by the Luxembourg Government.
- This measure is an exceptional measure. It is recommended that only those who have no other suitable solution should request leave for family reasons in the context of the COVID-19 epidemic.
- Both parents cannot take leave for family reasons at the same time.
- If both parents carry out a professional activity and one of the parents carries out a strategically important activity in the context of the current situation (e.g. health professional), it is recommended that the leave for family reasons should be taken by the other parent.
